7. **PERFORMANCE MANAGEMENT.** (a) Issue Escalation Procedures. Provider understands and agrees that Ryder is obligated to perform up to certain levels and standards in its customer contracts, and that performance and/or Service related problems or issues (the "Service Failures") with the assigned Drivers could impact Ryder's ability to meet its obligations under such customer contracts. Provider

further understands and agrees that with respect to the resolution of these Service Failures time is of the essence. Therefore, the parties agree to the following escalation procedure to quickly and efficiently resolve such Service Failures: Ryder's local operations management will bring such issues to the attention of Provider's local representative. The local representative will develop and implement an action plan immediately to resolve the Service Failure(s). In the event the local representative is unable to resolve the Service Failure(s) to Ryder's satisfaction, the performance issues will be elevated to Ryder's Strategic Sourcing Department and to Provider's national account representative. The national account representative will immediately develop and implement an action plan to resolve the Service Failure(s), or if no resolution is available to implement an alternative solution. In the event that Provider's national account representative is unable to resolve such issues to Ryder's satisfaction, Ryder in its sole discretion, may elect to terminate this Agreement with respect to all or some of the locations Provider supports immediately upon notice. In such event, Ryder will only be responsible for paying for Services that were completed satisfactorily up to the effective date of termination. With respect to any other breach by either party of its respective obligations hereunder, the non-breaching party may terminate the Agreement in accordance with Section 14, below. (b) Performance Measurement. Ryder and Provider recognize the importance of managing and measuring the quality of each Driver's performance. Ryder will receive feedback from its operational locations on Provider's performance generally and on each Driver's performance specifically, on issues including but not limited to timeliness and accuracy of invoicing, appearance, professionalism, and response time. In addition, Ryder may, in its sole discretion, request Provider to provide specific performance data such as Fill Rate Time, Quality of Workers, and Overtime Labor Hours Worked. In order to promote best practices and to resolve specific performance problems in accordance with the procedure set forth above, Ryder will review these results with the Provider on a regular basis.

9. **ALLOCATION OF RESPONSIBILITIES.** Except to the extent caused by the negligence, willful misconduct, failure to perform or breach by Provider of the terms, representations, warranties, covenants, obligations and duties under this Agreement, Ryder shall not hold Provider responsible for, releases Provider from, and agrees not to assert a claim or take any action against Provider for any loss, damage, liability, or expense: (i) to equipment, vehicles or other property, whether owned by Ryder or any other party, arising in connection with the Services; (ii) related to any personal injury arising in connection with the Services; and (iii) to any cargo, goods or property, arising from the Services including by reason of fire, collision, accident, other casualty, destruction or theft; provided, however, in the case of theft by Drivers, Provider shall be responsible for uninsured losses arising out of such theft only in the event and to the extent that Drivers participated in such theft, as determined by a good faith investigation by Ryder or a conviction or plea of guilty, no contest or no lo contendere in a court of law, Provider is advised in writing of such theft within fourteen (14) days after discovery thereof by Ryder, and Provider is provided all documents and information related to such theft within ten (10) days of availability to Ryder. Notwithstanding the preceding sentence, Provider shall be responsible for any worker's compensation claims by Drivers and resulting expenses, losses, or liabilities related to worker's compensation claims in connection with the provision of Services. Except to the extent caused by the negligence, willful misconduct, failure to perform or breach by Provider of the terms, representations, warranties, covenants, obligations and duties under this Agreement, Ryder agrees to be responsible for any claims by third parties arising out of or related to the Services including claims by Ryder's Providers or customers, Ryder's insurers, or third parties that suffer personal injury or injury to property or business.

For purposes of this Agreement, the usual and customary duties of a temporary help service agency shall be defined as the duty to make all reasonable efforts to provide a qualified individual to perform the duties and functions of the job as described by Ryder.
